HiMSS Membership Benefits

Join your peers

- HiMSS members encompass a broad range of professional roles from CIOs, clinicians, and financial experts to consultants, project managers, and systems analysts. Build the peer networks necessary to achieve your goals

Be a leader

- As a member and volunteer you have the opportunity to help create content including educational resources and influential policy positions all while earning leadership experience.

Access content

- Each year HiMSS volunteers and staff publish hundreds of content pieces including educational events, thought leadership pieces, public policy positions, on-demand topical webinars and publications.

Save money

- Members receive complimentary access to hundreds of valuable resources and save an average of 20% on publications and educational events.

Stay informed

- Members receive a complimentary monthly subscription to Healthcare IT News.

HIMSS Scholarship Opportunities

- We are very pleased to announce the launch of our new scholarship program!
 - The new Oregon HIMSS Scholarship Program creates 32 new scholarships for waived event attendance, designed for a mix of health IT students, military veterans and individuals interested in career growth and professional development.
- To apply for a scholarship fill out the short application under Professional Resources on our HIMSS Oregon Chapter website
- Send any question to scott@scottzacks.com
- Koneng Lor
- Giovanny Hernandez

Use Case #1

Use Case #2

Use Case #3

Clinician's Wish List

- ✓ Give me the tools I need
- ✓ Make it as easy as possible
- ✓ Support my device (but require risk mitigation)
- ✓ Trust me (but verify/audit)
- ✓ Help me work at the top of my license
- ✓ Support HIPAA-compliant uses of information
- ✓ Help me understand the shades of gray

Security Wish List

- ✓ Convenient security
- ✓ Honest vendors
- ✓ No “legacy” applications
- ✓ No more passwords
- ✓ Security built into all processes
- ✓ Maintenance windows
- ✓ Users understand that “Healthcare Cybersecurity is in Critical Condition”
- ✓ ECRI Institute identified Cybersecurity as the top health technology hazard for 2018
- ✓ Compliance doesn’t equal Security

The bad guys are smarter than us, have more resources and are more motivated

Balancing Act

- Security Threats
 - Ransomware
 - HIPAA Breach
 - Reliability
 - Security Culture
 - Control
- Convenient Access
 - Ubiquitous Smartphones
 - Increased API use
 - Mobile Users
 - Efficiency
 - Reasonable Options
